ACKNOWLEDGEMENTS

This *Indicator Development for Estuaries* manual was prepared by the U.S. Environmental Protection Agency (EPA), Office of Water (OW) with contract support from Lynn McLeod, Battelle. The EPA Project Manager for this document was Joe Hall, who provided overall management, guidance and project coordination. The document was reviewed by the National Estuary Programs, EPA Regions and Headquarters staff. Special appreciation is extended to Kerry St. Pe' and Dean Blanchard for their assistance with the Barataria-Terrebonne NEP Case Study and Philip Trowbridge and the new Hampshire NEP for assistance in preparing their case study. Thanks go to the National Estuary Program (NEP) Directors and their staff for contributing information and data and the following reviewers, who provided written materials, technical information, reviews and recommendations throughout the preparation of this document.

Barry Burgan, Office of Water
Dean Carpenter, Albemarle-Pamlico National Estuary Program
Diane Gould, Northeast EPA Region
Barbara Keeler, Region 6
Cheryl McGovern, Region 9
Shana Miller, Peconic Estuary Program
